

TRUSTED EQUIPMENT

REGULATORS & OUTLET CONNECTIONS

Chrome Plated Brass two-stage regulator for non-corrosive compressed gases. The model 212 provides precise delivery pressure control from full to near empty cylinder conditions. Stainless steel diaphragm, 10 micron inlet filter, and PTFE seats and seals assure gas purity is maintained. Regulators are equipped with a needle valve with 1/4" MPT outlet connection.

Two models listed below, & others available:
 0-40 psi delivery pressure range for low pressure applications.
 0-120 psi delivery pressure range for general laboratory use.

PurityPlus
Specialty Gases

Part No.	Description	Delivery Pressure Range
212-2351-320*	Carbon Dioxide regulator, CGA-320 inlet for Incubators	0 - 40 psig
212-3351-320	Carbon Dioxide regulator, CGA-320 inlet	0 - 120 psig
212-2351-346	Air (Breathing Grade) regulator, CGA-346	0 - 40 psig
212-3351-346	Air (Breathing Grade) regulator, CGA-346	0 - 120 psig
212-2351-350	Flammable Gas regulator, CGA-350 (Hydrogen, Methane, etc.)	0 - 40 psig
212-3351-350*	Flammable Gas regulator, CGA-350 (Hydrogen, Methane, etc.)	0 - 120 psig
212-2351-540	Oxygen regulator, CGA-540	0 - 40 psig
212-3351-540	Oxygen regulator, CGA-540	0 - 120 psig
212-2351-580*	Inert gas regulator, CGA-580 (Argon, Nitrogen, Helium, etc.)	0 - 40 psig
212-3351-580*	Inert gas regulator, CGA-580 (Argon, Nitrogen, Helium, etc.)	0 - 120 psig
212-2351-590	Air (Zero Grade) regulator, CGA-590	0 - 40 psig
212-3351-590*	Air (Zero Grade) regulator, CGA-590	0 - 120 psig
305-8391-M1D*	CO2 CGA - 320 Inlet, 1/4" hose barb outlet, flow gauge for Euthanex Chambers	2-15 LPM
WE-555*	Brass Hose Barb Outlet Adapter, 1/4" ID plastic tubing	
WE-557	Brass Hose Barb Outlet Adapter, 3/8" ID plastic tubing	
SGD- 2FSC4N-B*	Brass outlet adapter for 1/8" tubing	
PAI-IBD4FC4**	Brass outlet adapter for 1/4" tubing	
SGD-400*	Wall mount cylinder holder w/ strap	
SGD-420	Bench-type cylinder holder w/ strap
