

TRUSTED EQUIPMENT

REGULATORS & OUTLET CONNECTIONS

Chrome Plated Brass one-stage regulator for non-corrosive compressed gases. The model 202** features Stainless steel diaphragm, 10 micron inlet filter, and PTFE seats and seals assure gas purity is maintained. Regulators are equipped with a diaphragm valve with 1/4" FPT outlet connection. Two models listed below, others available:
 0-40 psi delivery pressure range for low pressure applications.
 0-120 psi delivery pressure range for general laboratory use.

Part No.	Description	Delivery Pressure Range
202-2391-320*	Carbon Dioxide regulator, CGA-320 inlet for Incubators	0 - 40 psig
202-3391-320	Carbon Dioxide regulator, CGA-320 inlet	0 - 120 psig
202-2391-346	Air (Breathing Grade) regulator, CGA-346	0 - 40 psig
202-3391-346*	Air (Breathing Grade) regulator, CGA-346	0 - 120 psig
202-2391-350	Flammable gas regulator, CGA-350 (Hydrogen, Methane, etc.)	0 - 40 psig
202-3391-350*	Flammable gas regulator, CGA-350 (Hydrogen, Methane, etc.)	0 - 120 psig
202-2391-540	Oxygen regulator, CGA-540	0 - 40 psig
202-3391-540	Oxygen regulator, CGA-540	0 - 120 psig
202-2391-580	Inert gas regulator, CGA-580 (Argon, Nitrogen, Helium, etc.)	0 - 40 psig
202-3391-580*	Inert gas regulator, CGA-580 (Argon, Nitrogen, Helium, etc.)	0 - 120 psig
202-2391-590	Air (Zero grade) regulator, CGA-590	0 - 40 psig
202-3391-590*	Air (Zero grade) regulator, CGA-590	0 - 120 psig

WE-541* Brass Hose Barb Outlet Adapter, 1/4" ID plastic tubing

PAI-IBD2MC4* Brass outlet adapter for 1/8" tubing
 PAI-IBD4MC4* Brass outlet adapter for 1/4" tubing
 SGD-400* Wall mount cylinder holder w/ strap
 SGD-420* Bench-type cylinder holder w/ strap
